IC CORPORATION IS A WHOLLY OWNED SUBSIDIARY OF INTERNATIONAL TRUCK AND ENGINE CORPORATION.

**KIDS ARE SO ACTIVE
THESE DAYS.
WHICH MAKES THIS
BUS SO IDEAL.**

Field trips. Athletic events. Academic competitions. After-school programs. Whatever the extracurricular activity, the BE 200 Activity Bus from IC Corporation represents the ideal choice for getting passengers where they need to go. It's a bus that goes well beyond the capabilities of a multipurpose van – from a company you know and trust for real confidence and peace of mind.

This bus gives you the same advanced engineering, smart thinking and quality materials that go into our legendary school buses. Features include an expansive field of view, outstanding driver ergonomics, an integrated powertrain featuring the International® VT 365 diesel engine, advanced electronics for quick and easy diagnostics, full-power 4-wheel disc brakes, and an integrated body, chassis and engine limited warranty. Plus, you get the service and support of the industry's best dealer network.

All in all, you get a vehicle that is both easy to operate and costs less to own. Just what you need in an activity bus – only from IC.

**EARNING
EXTRA CREDIT
WITH DRIVERS.**

- Easy access to passengers without exiting the bus.
- A commanding driver field of view with a high three-piece flat windshield, overlapping wiper patterns, raised entrance door, tall driver-side window, large rear windows and optimally located mirrors.

**MAKING THE
MAINTAINER'S
JOB EASIER.**

- The advanced electrical system allows bus operation to be monitored and diagnosed quickly from the instrument panel.
- Serviceability is easier with a full-tilt hood, long service intervals, quick and easy fluid checks and an easy-to-replace flat windshield.
- The integrated powertrain features the International® VT 365 diesel engine and an Allison transmission – designed to deliver smoother shifts and increased responsiveness, reliability and durability.

**PASSENGERS
ALWAYS
COME FIRST.**

- A full-power 4-wheel disc brake system includes all-speed traction control as standard.
- Standard flat floor offers the ultimate in seating flexibility, greater capacity and easier interior maneuverability.
- Unlike passenger vans, the BE 200 Activity Bus is purpose-built to meet school bus construction standards.

**A TOTAL SOLUTION
FOR REAL
PEACE OF MIND.**

- The BE 200 Activity Bus is backed by the industry's best limited warranty. See your IC Corporation dealer for details.
- IC Corporation is the only small bus manufacturer to offer an integrated body, chassis and engine limited warranty.

**THE INTERNATIONAL®
VT 365.
SETTING THE CURVE
IN PERFORMANCE.**

- The International® VT 365 offers sure starts even in the coldest weather, warms the bus quickly to keep students comfortable and runs exceptionally quiet, plus offers excellent fuel economy, outstanding reliability and easy serviceability.
- With the International® Intuitive Shift® transmission interface, shift points are matched with engine power curves for smoother operation and increased performance, reliability and fuel efficiency.
- The International® Diamond Logic® electrical system features advanced diagnostics for quicker troubleshooting, faster repairs and increased uptime. The system monitors critical vehicle functions and relays information to the driver to ensure efficient vehicle operation.
