

# DIAMOND CONNECTION™ SOLUTIONS

**It's just like every other inventory and shop management system out there...ONLY MORE SO! It's new and it's available only from your parts supply partner...your International® Dealer.**

---

**As part of our continuing commitment to keep the Diamond Connection™ system at the forefront of computerized inventory and shop management systems, we are very pleased to announce the release of our latest software update: Diamond Connection Solutions. We've retained all of the powerful, versatile and easy-to-use features of our past releases, plus have added many asked-for and beneficial features in this "Solutions" version.**

**Solve various everyday shop management problems with Diamond Connection Solutions. See your International Dealer for complete details and arrange for a demonstration of this dynamite new software. Also, visit our Web site at [www.InternationalDelivers.com](http://www.InternationalDelivers.com) for additional information.**

# DIAMOND CONNECTION™ SOLUTIONS

An upgrade to Diamond Connection™ Solutions retains all the great features of our past releases, including the latest bells and whistles to help solve even more of those pesky, everyday shop management issues. The upgrade is simple and the payoff is huge. Take a look...

## Here are just some of the new features:

- ❑ Full-feature work orders which accommodate multiple operations and technicians
- ❑ Inventory valuation at either actual cost or average cost
- ❑ Screen customization...highlight, re-sort or hide data fields, toggle between standard and customized screens
- ❑ 10 user-defined fields for in-depth vehicle records
- ❑ Vehicle "out of service" function to suspend PM scheduling
- ❑ Customizable reports
- ❑ Decreased license fees for additional users at shop location
- ❑ Customizable data queries
- ❑ Networks on fleet's existing Windows-based server
- ❑ Inventory transfers between customer locations
- ❑ Expanded "reminders" feature...vehicle reported problems, PMs due and past due, various permits, licenses and physical expiration dates
- ❑ Reopen and edit closed work orders
- ❑ Easily add outside repair detail to vehicle history
- ❑ Fuel usage tracking and reporting
- ❑ Tire usage tracking and reporting
- ❑ Data interface with remote fueling systems...electronically updates fuel usage and mileage
- ❑ Purchase order function to generate POs, receive against POs and track back orders
- ❑ Imports "lists"...part numbers, vehicles, employees, suppliers, etc.
- ❑ Vehicle log which tracks and reports trip details, driver reports and state IFTA
- ❑ Parts reference feature which builds a "parts list" for like-make and model vehicles as parts are charged to vehicles

The benefits of upgrading to Diamond Connection Solutions are obvious. Contact your International® Dealer to schedule your upgrade today. The sooner you get your system upgraded, the sooner you'll benefit from all of the great, new features.
