

TOP TEN REASONS TO BUY AN INTERNATIONAL® 9900

Driver Satisfaction

- 1 BEST-IN-CLASS TURNING RADIUS (50° WHEEL CUT)**
Standard wide-track axle with 35" spring centers improve wheel-cut by 10% for better maneuverability, a tight turning radius, and improved ride and handling.
- 2 OUTBOARD MOUNTED CAB SUSPENSION**
Offers increased stability and driver comfort and helps to reduce driver fatigue.
- 3 ROLL STABILITY FOR ADDED SAFETY**
Roll stability designed specifically for your truck or tractor, helps maintain vehicle stability and aids in reducing tractor-trailer rollovers.
- 4 SUPERIOR MANEUVERABILITY OVER COMPETITION**
Pinpoint steering geometry and parabolic taperleaf front suspension provide superior vehicle control and excellent ride and handling.

Fuel Efficiency

- 5 LESS AERODYNAMIC DRAG THAN LEADING CLASSIC COMPETITOR**
The International® 9900 provides 10% less aerodynamic drag than the leading classic truck competitor. As a result, the 9900 will provide 5% greater fuel economy at highway speeds. At 120,000 miles per year with 70% operation at highway speeds, the 9900 will provide up to \$2,500 yearly fuel savings at \$3 per gallon.
- 6 LIGHTWEIGHT TEXAS AND GULL WING STYLE BUMPERS**
The new lightweight "Stainless Steel Clad Aluminum" bumpers will add value and durability to the 9900i and 9900ix standard models, giving them classic styling while reducing 35 pounds of weight over the previous bumper. These bumpers are now available.
- 7 ALCOA DURA-BRIGHT® FINISH LIGHTWEIGHT ALUMINUM RIMS**
The Alcoa Dura-Bright® Wheel offers a brighter finish with 53% more reflective properties than the first generation and yet can be cleaned with soap and water. These wheels will maintain their shine even after hundreds of washes and thousands of miles.

A NAVISTAR COMPANY

Low Cost of Ownership

8 EASE OF SERVICE AND MAINTENANCE

- Easy access to key components making routine maintenance quick and less costly
- All air lines are color-coded for easier troubleshooting
- Quality Connect fittings for greater resistance to leaks
- Self-diagnostic test when ignition is turned on, alerting driver to potential problems
- All electrical wiring is color-coded and numbered for easier trouble shooting

9 BEST-IN-CLASS HEATER AND DEFROSTER PERFORMANCE

- Exclusive International® Blend-Air HVAC offers outstanding functionality and performance
- Electronic controls ensure greater system reliability
- Rapid cool-down and maintain even at 110°
- Fast warm-up even under severe conditions
- Standard Owens Corning insulation system maintains comfortable inside temperature and seals out cold air leaks

10 BEST-IN-CLASS ERGONOMIC DASHBOARD

- Extra-large easy-to-read white gauges, wood grain dash, full instruments
- Extra-large heated mirrors, includes convex mirror
- Comfortable high back suspension driver seat, cloth facing, two arm rests, isolator adjuster, three lumbar support, fully adjustable, high quality
